Climate Change

- 1. To make the activities of Braunstone Town Council carbon neutral by 2030 by embedding climate and environmental awareness in all our decision making.**
- 2. Promote and encourage awareness and action on climate change, environmental protection and recycling by local residents, businesses and community organisations.**
- 3. Put climate change at the heart of our procurement policies including moving to the use of renewable energy sources for its activities and encourage its customers and suppliers to do likewise.**
- 4. To protect and enhance the town's Green spaces, promote and encourage tree planting, and seek to increase and enrich biodiversity.**
